

Edible Beetle

Equipment: Packet of plain round biscuits, strawberry shoelaces, chocolate drops, sugar lips, another small round sweet. 1 dice per six.

Girls play in sixes. Girls take it in turn to throw the dice. To start, each girl must throw a six which gets them a biscuit. They then throw other numbers in any order to build up the rest of the face.

- 6 = Biscuits (for the face)
- 5 = Sweet for nose
- 4 = Shoelaces for the hair
- 3 = chocolate drop – 1 each for the eyes
- 2 = sugar lips for the mouth
- 1 = nothing at all – don't win anything.

Once all girls have 'won' the whole face, they can eat it!
