

Magic Cup

Equipment: a cup

Girls are in a circle with the cup placed in front of someone. Walk round in a circle saying; 'Walk round, drink out of the cup, tell us what you will be when you grow up'

The girl who stops opposite the cup takes an imaginary drink of the magic liquid and then mimes an occupation that she might do when she grows up. Other Brownies have to guess what the job is. No prizes for guessing – you just start again.
