

Girlguidings World Regions Challenge!

A Challenge for all sections about the five WAGGS World Regions

Introduction

This challenge is all about the 5 world regions of the girl guiding world, which are Africa, Arab, Asia Pacific, Europe and Western Hemisphere. It is designed to teach girls about other members of WAGGS. The challenge is available for all sections from Rainbows to Trefoil Guild! I have designed this challenge to raise funds for our Brownie unit and for camps and residentials for our Guide unit.

There are 5 sections based on the 5 regions. To earn the badge it is recommended that each person complete the required amount of challenges for each section.

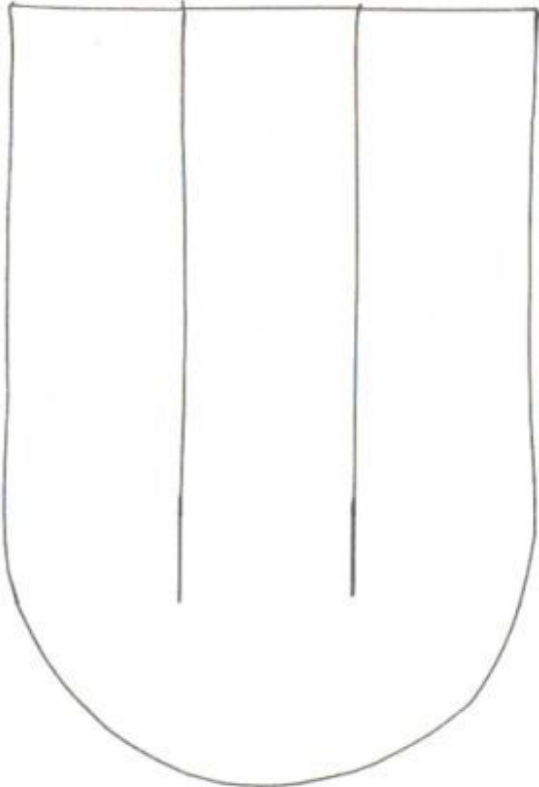

- Rainbows- 1 challenge per section
- Brownies- 2 challenges per section
- Guides- 3 challenges per section
- Senior Section/Leaders/Trefoil Guild- 4 challenges per section

It is up to the discretion of the leader as to whether a girl has completed enough challenges to earn the badge.

None of the activities are labelled specifically for each section. Some challenges are not appropriate for all sections but there are activities for each section. Again it is up to the leader as to what is appropriate for the pack as some girls could manage things that others couldn't.

I hope you enjoy this challenge and like learning about the 5 World Regions!
